

# BLOKES AND BOYS

What a success our Blokes and Boys Evenings are. At our May get together, we had over 60 Blokes and Boys all spending time reading and learning together as a part of our Literacy Focus. The boys shared what they were learning through the use of the internet/school intranet and by using our cool new IMacs. We also looked at web sites for learning at home and movies made by our students using Flip Cams. We then shared a meal and headed into the Media Learning Centre to read books to and with each other. Come along to our term 3 get together for some fun and learning
